Office Action Summary	Application No. 10/621,625	Applicant(s) SINGH ET AL.	
	Examiner Harry B. Tanner	Art Unit 3744	

-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

Applicant's election with traverse of Group I in the reply filed on 1/7/05 is acknowledged. The traversal is on the ground(s) that the search for the two groups is the same. In view of this argument the restriction requirement has been withdrawn.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 61-89 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. With respect to claims 61, 65, 74 and 89 the phrase "expansion valve expands refrigerant superheat" is indefinite and confusing. The previous set of claims recited that the expansion valve "controls" refrigerant superheat. It is not clear whether applicant is reciting control of the superheat by the expansion valve. The term "expands refrigerant superheat" does not have any common meaning in the art. In claims 69 and 82, it is not clear what is controlling the pressure regulators. Normally, a pressure regulator is responsive to pressure and regulates that pressure. The claims appear to recite that the pressure regulator are responsive to a parameter other than pressure. Claim 83 is confusing and incomplete because the claim recites that suction pressure is controlled independently of an expansion valve without reciting any relationship between "the" expansion valve and the plurality of refrigeration circuits. Claim 86 is confusing and incomplete because the claim recites a plurality of refrigeration circuits and a control system to control the suction pressure of an evaporator pressure regulator without reciting any relationship between the evaporator pressure regulator and the plurality of refrigeration circuits.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Harry B. Tanner whose telephone number is (571) 272-4813. The examiner can normally be reached 8:30 am to 6:00 pm Monday, Tuesday, Wednesday and Friday and 2:00 pm to 6:00 pm Thursday.
